

If you are 17-19, unemployed and living in the Bishop Auckland area, and think you may be interested in a career in Care, join our free two week training programme, where you can;

- get an insight into employment and career opportunities available in the NHS and wider care sector
- gain relevant training for the sector, taken from the Common Induction Standards all Care workers are trained in
- improve your teamwork and communication skills and boost your confidence, interview skills and CV
- receive six months' support after the programme to help you find a job

### Interested?
